

Reidland Elementary School has an excellent Volunteer Program, which allows parents, community members and interested parties to work with our children's education.

The 2010-2011 Chairpersons are Lisa Campbell & Lisa McManus

**Under Kentucky General Assembly House Bill 136, volunteers who work with children are required to have a background search through the Administrative Office of the Court. Please come by the school office to complete the required form. *Parents wishing to serve as field trip chaperones must have their background search completed in time for it to be returned back to the school prior to the event.***
