

Ice or snow has the potential to cause changes to the school day. Winter weather may affect transportation and the school day schedule. McCracken County Public Schools will inform students, parents and staff of school closures or delays in the following ways:

SchoolMessenger will be used to notify households by phone and email.

The district will notify local TV and radio stations

Announcements will be posted on the district web page www.mccracken.kyschools.us, the McCracken County Public Schools facebook page and Tweeted @MCPSchools.

Information will be published on SchoolsOut.com - a service that allows families to subscribe to email updates regarding school closures or delays.
