CERTIFIED TEACHER AND OTHER CERTIFIED SCHOOL LEVEL PROFESSIONALS

Certified Evaluation Plan for Teachers & Other School Level Professionals

The vision for the Certified Evaluation Plan is to have every student taught by effective teachers and other school level professionals. The goal is to create a fair and equitable system to measure teacher and other school level professionals effectiveness and act as a catalyst for professional growth.

Orientation

Administrators or designee will conduct an orientation session to acquaint certified employees with the evaluation process will be conducted by administrators no later than the end of the **first thirty (30) calendar days of reporting for employment each school year**. All new employees hired during the school year will receive training within their first month of employment by the immediate supervisor or designee.

Teachers and Other Professionals -Overview and Summative Model

There are neither numbers nor percentages that dictate performance ratings on performance measures and an overall performance category for an individual educator. Rather, evaluators will look for trends and patterns in practice across multiple sources of evidence and apply their professional judgment based on this evidence when evaluating an educator. The role of evidence and professional judgment in the determination of performance ratings on performance measures and an overall rating is paramount in this process.

The Kentucky Framework for Teaching

The Framework for Teaching is designed to support student achievement through the domains of Planning and Preparation, Classroom Environment, Instruction, and Professional Responsibilities. The Framework also includes themes such as equity, cultural competence, high expectations, developmental appropriateness, accommodating individual needs, effective technology integration, and student assumption of responsibility. It provides structure for feedback for continuous improvement through individual goals that target student and professional growth, thus supporting overall school improvement. Evidence supporting a teacher's summative rating will be situated within one or more of the four domains of the framework. Performance will be rated for each component according to four performance

levels: Ineffective, Developing, Accomplished, and Exemplary. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each domain.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators will also take into account how educators respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual educator performance, such as: school-specific priorities that may drive practice in one domain, an educator's number of goals, experience level and/or leadership opportunities, and contextual variables that may impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories of evidence in determining overall ratings:

Required Sources of Evidence

- Professional Growth Planning and Self-Reflection and Observation

Optional District Determined Sources of Evidence

- Attendance/Punctuality
- Demonstration of Effective Planning of Curricula
- Instructional Walkthrough Data
- Lesson Plans
- Minutes from Professional Learning Community Meetings
- Evidence of Parent Communication
- Benchmark Assessment Data
- Professional Development Participation
- Other Sources as Collaboratively Determined by Evaluator and Evaluatee

Additional information related to sources of evidence may be found throughout the Certified Evaluation Plan.

All components and sources of evidence supporting an educator's overall performance will be completed and recorded in the district-approved technology or recorded in the district-approved documents

Professional Practice

Professional Growth Planning and Self-Reflection

The Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including classroom observation feedback and professional growth needs identified through self-assessment and reflection. In collaboration with the administrators, teachers will identify explicit goals; which will drive the focus of professional growth activities, support, and on-going reflection.

The teacher reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus and collaborates with his or her administrator to develop, implement, modify, and continue as appropriate a professional growth plan and action steps. The teacher will conduct a summative reflection on the degree of goal attainment and the implications for next steps.

- All teachers and other professionals will participate in self-reflection and professional growth planning each year.
- Reflection and professional growth planning may begin as early as May 1st for the following year for returning teachers.
- All teachers will document (minimum of one) self-reflection and professional growth planning in district technology platform or district document by October 15 (or within 60 days for those hired after September 1) with alignment to the schools and/or district improvement plan.
- Summative reflection of professional growth plan addressing the level of goal attainment is to be submitted on a district form or in the district-approved technology platform no later than “closing day.” A supervisor may require this step to be completed at an earlier date.
- If a late hire or leave of absence interrupts the ability to complete the reflective practice and professional growth planning by the established timeline, then the reflective practice and professional growth planning timeline may be adjusted by the principal or designee with superintendent’s approval.

Observations

The observation process is one source of evidence to determine teacher effectiveness. The observation will provide documentation and feedback to measure the effectiveness of a teacher’s professional practice. The observation model will follow the following:

- All observations will be conducted openly.
- All observations must be documented in district or state approved technology platform or district document.
- There will be a minimum of 3 observations in the summative cycle for one-year summative teachers and 3 observations in the summative cycle for three-year summative teachers
- The full class period observation must occur in the final year of the summative evaluation cycle.
- The remaining 2 observations for one-year summative teachers and 2 observations for three-year summative teachers may be partial-observations.
- The summative cycle for three-year summative teachers is a minimum of once every 3 years; annually for one-year summative teachers, employees on a corrective action plan, and administrators.

All employees shall be afforded an opportunity to review their evaluations. All written evaluations shall be discussed with the evaluatee, and he/she shall have the opportunity to attach a written statement to the evaluation instrument. Both evaluator and evaluatee shall sign and date the evaluation instrument. All evaluations shall be maintained in the employee’s personnel file.

Observation Conferencing

- Pre-observation conferences are to take place prior to full observations.
- Pre-observation conferences may be in person or through written or electronic correspondence for one-year summative teachers. Pre-observations may be in person or through written or electronic correspondence for three-year summative teachers.
- Pre-observations may take place at any time prior to the observation.
- Post-observation conferences are to take place within five (5) working days.
- Post-observation conferences are to be conducted in person.
- The summative evaluation conference shall be held at the end of the summative evaluation cycle, and after consideration has been given to all sources of evidence.

Observation Schedule

- Observations may begin after teachers have been notified of the observation process.
- Two partial-observations and a final/formal observation are to take place annually by March 31 for one-year summative teachers as part of the summative cycle.
- The final/formal observation is to be conducted after the required partial-observations have been completed for one-year summative teachers.
- Two partial-observations and one final/formal observation are to be conducted by the evaluator during the summative cycle for three-year summative teachers.
- The final/formal observation is to be conducted after the two required partial-observations, and is to take place by closing day in the final year of the summative cycle for three-year summative teachers.
- A minimum of one principal mini observation each year is all that is required for returning part-time retired certified teachers or adjunct teachers who are hired in a part-time position or less than part-time position.
- The Principal or designee may conduct additional mini or full observations.
- Domains 2 and 3 are to be included in observations. Domains 1 and 4 may be included as applicable.

KTIP Teachers

Observations will be conducted according to criteria set forth by Kentucky's Educational Professional Standards Board (EPSB), as well as associated KRS and/or KAR.

Late Hires

- Any one-year summative teacher hired before the 60th day of instruction will have all observations.
- A Supervisor may eliminate one of the required mini (partial) observations on a teacher hired after the 60th day of instruction, and two for late hires after the first semester.
- If a teacher misses 60 consecutive school days throughout the year the supervisor may eliminate one of the required observations.

Observer Certification and Training

Observers will hold the appropriate certifications and trainings required to observe certified personnel in accordance with statutes, regulations, and policies.

All administrators serving as a primary evaluator for certified teachers or other school level professionals must complete the following training requirements prior to conducting observations/workplace visits for the purpose of evaluation:

- A minimum of six (6) hours annually of the personnel evaluation system approved by the Effective Instructional Leadership Act (EILA). At minimum training in effective observation and conferencing techniques, providing clear and timely feedback, in establishing and assisting with a professional growth plan, and in summative decision techniques, KRS 156.557, shall occur yearly.
- The initial certified evaluation training and testing provided by the Kentucky Department of Education or a provider approved by the department shall be completed by ANY first year evaluators

Overall Performance Category

Supervisors are responsible for determining an Overall Performance Category for each teacher at the conclusion of their summative evaluation year. The Overall Performance Category is informed by the educator's ratings on professional practice. The evaluator determines the Overall Performance Category based on professional judgment informed by evidence that demonstrates the educator's performance against the Performance Measures of Planning, Environment, Instruction and Professionalism. The ratings of these performance measures will have rules applied to their ratings (see chart below) to inform decision rules.

Rating Professional Practice

The Kentucky Framework for Teaching stands as the critical rubric for providing educators and evaluators with concrete descriptions of practice associated with specific domains. Each element describes a discrete behavior or related set of behaviors that educators and evaluators can prioritize for evidence gathering, feedback, and eventually, evaluation. Supervisors will organize and analyze evidence for each individual educator based on these concrete descriptions of practice.

Supervisors and educators will be engaged in ongoing dialogue throughout the evaluation cycle. The process concludes with the evaluator's analysis of evidence and the final assessment of practice in relation to performance described under each Domain at the culmination of an educator's cycle.

An educator's Overall Performance Rating is determined using the following criteria for determining a teacher's or other school level professional's rating:

- Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and

professional judgment based on evidence to determine the teacher’s or other school level professional’s final Overall Summative Rating.

If....	Then....
Two Performance Measures are rated Developing, and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be ANY higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be ANY higher than Accomplished

Performance Criteria

Performance criteria means the areas, skills or outcomes on which certified personnel below the level of superintendent are evaluated. The performance criteria characterize professional effectiveness and must be provided to evaluatees and based upon KRS 156.557.

Requirements:

The criteria for each performance measure (Planning, Environment, Instruction, and Professionalism) are derived from:

- a. the Kentucky Framework for Teaching (KTIP, non-tenured, tenured, special educator)

- b. the Kentucky Framework for Teaching: Specialist Frameworks (guidance counselor, instructional specialist, library media specialist, speech language pathologist, school psychologist)
- c. the Professional Standards for Educational Leaders (principal, assistant principal)
- d. the District Administration Standards (see District Administrator section)

PRINCIPAL AND ASSISTANT PRINCIPALS CERTIFIED EVALUATION PLAN

Principal and Assistant Principals

The vision for the Certified Evaluation Plan is to have every school led by an effective principal/assistant principal. The goal is to create a fair and equitable system to measure principal/assistant principal effectiveness and act as a catalyst for professional growth.

Orientation

Superintendent or designee/Principal will conduct an orientation session to acquaint Principals/Assistant Principals with the evaluation process will be conducted no later than the end of the **first thirty (30) calendar days of reporting for employment each school year**. All new Principals/Assistant Principals hired during the school year will receive training within their first month of employment by the immediate supervisor or designee.

Overview and Summative Model

Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a principal. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. However, professional judgment must be grounded in the common framework identified: The Professional Standards for Educational Leaders.

The vision for the Professional Growth and Effectiveness System is to have every school led by an effective principal. The goal is to create a fair and equitable system to measure principal effectiveness and act as a catalyst for professional growth.

Roles and Definitions

Administrator: means an administrator who devotes the majority of employed time in the role of principal, for which administrative certification is required by the Education Professional Standards Board pursuant to 16 KAR 3:050

Evaluator: the immediate supervisor of certified personnel, who has satisfactorily completed all required evaluation training and, if evaluating teachers, observation certification training.

Superintendent/Superintendent's Designee: means an administrator who devotes the majority of employed time in the role of Superintendent/Assistant Superintendent, for which Superintendent certification is required by the Education Professional Standards Board pursuant to 16 KAR 3:050. The Superintendent is the primary evaluator for principals, but may assign an Assistant Superintendent to be the primary evaluator as the Superintendent's Designee.

Evaluated: district/school personnel being evaluated.

Professional Growth Plan: An individualized plan that is focused on improving professional practice and leadership skills and is aligned with educator performance standards and student performance standards, is built using a variety of sources and types of student data that reflect student needs and strengths, educator data, and school/district data, is produced in consultation with the evaluator

Self-Reflection: means the process by which certified personnel assess the effectiveness and adequacy of their knowledge and performance for the purpose of identifying areas for professional learning and growth.

Professional Practice

The following sections provide a detailed overview of the various sources of evidence used to inform Professional Practice Ratings.

Professional Growth Planning and Self-Reflection - completed by principals & assistant principals

The Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including site-visit conferences, and professional growth needs identified through self-assessment and reflection. Self-reflection improves principal practice through ongoing, careful consideration of the impact of leadership practice on student growth and achievement.

- All principals and assistant principals will participate in self-reflection and professional growth planning each year.
- The Self Reflection and Professional Growth Plan should be completed and submitted by October 15 and within 60 days of being hired for principals hired after September 1.
- Principals meet with supervisor to review draft self-reflection and professional growth plan. The review may be face-to-face or electronic. After principals submit their PGP and self-reflections in the District approved technology platform or district forms, the supervisor will approve or ask the principal to revise prior to approval.

- Supervisor will monitor the Professional Growth Plan and self-reflections and make comments/provide feedback as necessary to help guide professional judgment in the summative rating.

Site-Visits – completed by supervisor of principal and/or assistant principal

Site visits are a method by which the superintendent/principal may gain insight into the principal's/assistant principal's practice in relation to the standards. During a site visit, the superintendent/principal will discuss various aspects of the job with the principal/assistant principal, and will use the principal's/assistant principal's responses to determine issues to further explore with the faculty and staff. Additionally, the principal/assistant principal may explain the successes and trials the school community has experienced in relation to school improvement.

- At least two (2) site visits will be conducted by the Superintendent/Designee for each Principal and by the Principal for each Assistant Principal.
- The first site visit will occur by December 15th and the second by March 15th.
- A conference will be held within 5 school days after each site visit to provide the feedback based on what was observed during the visit. If available, feedback during the conference may include: self-reflection, PGP progress, and/or evidences related to the principal standards.
- The Professional Standards for Educational Leaders will be discussed during the conference as to what was observed and allowing the principal/assistant principal to share other forms of evidence connecting practices to the standards.
- Principals/Assistant Principals hired after January 1 will only be required to have one formal site visit completed.
- Supervisor will document in the district forms or district technology platform key evidences related to standards

Overall Performance Category

Supervisors are responsible for determining an Overall Performance Category for each Principal/Assistant Principal at the conclusion of their summative evaluation year. The Overall Performance Category is informed by the Principal's/Assistant Principal's ratings on professional practice. The evaluator determines the Overall Performance Category based on professional judgment informed by evidence that demonstrates the principal's/Assistant Principal's performance against the Performance Measures.

Rating Professional Practice

Supervisors and principals will be engaged in ongoing dialogue throughout the evaluation cycle. The process concludes with the evaluator's analysis of evidence and the final assessment of practice in relation to performance described under each Performance Measure at the culmination of a principal's cycle.

Evaluators are to use multiple sources of evidence in determining overall ratings.

The following chart depicts sources of evidence and minimum criteria for determining the professional practice rating.

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: The Professional Standards for Educational Leaders	Standard 1 Mission, Vision, and Core Values Standard 9 Operations and Management Standard 10 School Improvement	Standard 3 Equity and Cultural Responsiveness Standard 7 Professional Community for Teachers and Staff	Standard 4 Curriculum, Instruction, and Assessment Standard 5 Community of Care and Support for Students Standard 6 Professional Capacity of School Personnel	Standard 2 Ethics and Professional Norms Standard 8 Meaningful engagement of families and community

Performance Measures Planning and Environment Only

In order to determine the rating for the Planning Performance Measure and Environment Performance Measure, the following decision rules will be applied.

If....	Then
One standard is rated Developing, and one standard is rated Accomplished	Environment / Professionalism Performance Measure shall be rated Accomplished
One standard is rated Developing, and one standard is rated Exemplary	Environment / Professionalism Performance Measure shall be rated Accomplished
One standard is rated Accomplished, and one standard is rated Exemplary	Environment / Professionalism Performance Measure shall be rated Exemplary
One Standard is rated as Ineffective	Environment / Professionalism Performance Measure shall not be ANY higher than Accomplished
Two standards are rated Ineffective	Environment / Professionalism Performance Measure shall be Ineffective

Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the superintendent or designee/principal or designee will use the following decision rules as a guide and professional judgment based on evidence to determine the principal's/assistant principal's final Overall Summative Rating.

If....	Then....

Two Performance Measures are rated Developing, and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be ANY higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be ANY higher than Accomplished

The principal's or assistant principal's overall rating will be documented **no later than June 15th**

Other District Certified Personnel

Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a certified district employee. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. However, professional judgment must be grounded in the common framework identified: The Standards.

Orientation

Superintendent or designee will conduct an orientation session to acquaint Other District Certified Personnel with the evaluation process will be conducted no later than the end of the **first thirty (30) calendar days of reporting for employment each school year**. All new Other District Certified Personnel hired during the school year will receive training within their first month of employment by the immediate supervisor or designee.

Determining Other Certified District Personnel Performance Standards

Each Certified District Staff member along with his or her evaluator will collaborate to determine the best standards based on the job responsibilities of the position held. For example, the Chief Academic Officer in collaboration with the District Superintendent may decide to use the Superintendent Effectiveness Standards as the focus of his or her Certified Evaluation Plan process for the year.

The standards must be nationally recognized as well as grounded in research for district and school improvement (I.E. Kentucky NxG Superintendent Effectiveness Standards, Council for Exceptional Children Advanced Professional Standards: Special Education Administration Specialist or Gifted Education; or Kentucky Framework for Teaching Specialist Framework for Other Professionals).

The Performance Standards provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Evidence supporting a certified District staff member's professional practice will be situated within one or more of the standards. Performance will be rated for each standard according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary.

The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

- NOTE: If both the evaluator and evaluatee identify standards other than the following, both the evaluator and evaluatee must conduct an alignment of the Performance Criteria which are the Standards to the Four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism.
 - Kentucky NxG Superintendent Effectiveness Standards;
 - Council for Exceptional Children Advanced Professional Standards: Special Education Administration Specialist
 - Council for Exceptional Children Advanced Professional Standards: Gifted Education
 - Kentucky Framework for Teaching Specialist Framework for Other Professionals
- The alignment must be approved by the McCracken County Board of Education prior to ANY evaluation activities.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators will also take into account how the certified District staff member responds to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual certified District staff member performance. These factors may include district-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories of evidence in determining overall ratings:

- Required Sources of Evidence
 - Reflective Practice and Professional Growth Plan

- Workplace Visit

Evaluators may use the following categories of evidence in determining overall ratings:

- Other Measures of District/School Improvement
- Products of Practice
- Local Impact Goal data
- Other Sources

Professional Growth Planning and Self-Reflection

The Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including site-visit conferences, and professional growth needs identified through self-assessment and reflection. Self-reflection improves principal practice through ongoing, careful consideration of the impact of leadership practice on student growth and achievement.

- All certified district staff will participate in Self-Reflection and Professional Growth Planning each year.
- The Self Reflection and Professional Growth Plan should be completed and submitted by October 15 and within 60 days if hired after September 1.
- If a late hire or leave of absence interrupts the ability to complete the reflective practice and professional growth planning by the established timeline, then the reflective practice and professional growth planning timeline may be adjusted.
- An Evaluation Adjustment Form must be completed in writing, signed/dated by evaluate and evaluator, and approved by the Superintendent.
- Certified district staff and supervisor review draft self-reflection and professional growth plan. The review may be face-to-face or electronic. After submitting their PGP and self-reflections in the District approved technology platform or district forms, the supervisor will approve or request revisions prior to approval.
- Supervisor will monitor the Professional Growth Plan and Self-Reflections and make comments/provide feedback as necessary to help guide professional judgment in the summative rating.

Other Certified District Personnel Professional Practice

The following sections provide a detailed overview of the various sources of evidence used to inform Professional Practice Ratings.

Other Certified District Personnel Workplace Visit

Workplace visits (site visits) are a method by which the superintendent or designee may gain insight into the certified district staff member's practice in relation to the standards. During a workplace visit, the superintendent or designee will discuss various aspects of the job with the certified district staff member, and will use the district staff member responses to determine issues to further explore with the faculty and staff. Additionally, the district staff member may explain the successes and trials experienced in relation to school

improvement. Workplace visits are conducted by the superintendent or designee for each district staff member every year, and utilize the following protocol(s):

- Workplace visit will occur at a minimum of once (1) per year to be completed no later than April 15 for certified district personnel without an administrator certification or June 15th for certified district personnel with administrator certification. Certified District staff on an annual summative cycle are to have a minimum of three (3) site visits per year.
- The workplace visit will focus at minimum on the certified district staff member’s identified targeted performance standard(s).
- Following a workplace visit a post-visit conference shall occur. During the post-visit conference, evidence towards the district staff member’s identified targeted performance standard(s) will be reviewed.
- Late Hires and Leaves of Absence
 - If the late hire or leave of absence interrupts the ability to complete the formal site-visit by the established timeline, then the formal site-visit timeline may be adjusted.
 - An Evaluation Adjustment Form must be completed in writing, signed/dated by evaluate and evaluator, and approved by the Superintendent.
 -

Determining the Overall Performance Rating for Other Certified District Personnel

Evaluators are responsible for determining an Overall Performance Rating for each certified district staff member at the conclusion of their summative evaluation year. The Overall Performance Rating is informed by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure is supported by one or more of the identified standards. The following charts represent the alignment of standards to the four performance measures based on the Kentucky NxG Superintendent Effectiveness Standards; CEC Advance Standards: Special Education Administration Specialist Standards; CEC Advance Standards: Gifted Education; or Kentucky Framework for Teaching Specialist Frameworks for Other Professionals:

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: Kentucky NxG Superintendent Effectiveness Standards	Standard 1: Strategic Leadership Standard 4: Human Resource Leadership Standard 5: Managerial Leadership	Standard 3: Cultural Leadership Standard 6: External Development Leadership	Standard 2: Instructional Leadership	Standard 7: Micropolitical Leadership

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: KY Framework for Teaching Specialist Framework for Other Professionals	Domain 1: Planning & Preparation	Domain 2: The Environment	Domain 3: Delivery of Service	Domain 4: Professional Responsibilities

- Using the sources of evidence for the Other Certified District Evaluatee, evaluators will use professional judgment to determine a rating for each of the Performance Criteria.
- The Other Certified District Evaluatee may provide sources of evidence for the identified Standards to the evaluator. The evaluator will determine if sources of evidence are needed to support non-targeted Standard(s).
- Each Performance Measure is rated as Exemplary, Accomplished, Developing, or Ineffective based on the ratings for the Performance Criteria Standards.

Performance Measures supported with more than one Performance Criteria Decision Rules

When there are more than two Performance Criteria Standards aligned to a Performance Measure, the following decision rules will apply in order to determine the rating for the Performance Measure:

If....	Then
One standard is rated Developing, and one or more standard(s) is/are rated Accomplished	The Performance Measure shall be rated Accomplished
One standard is rated Developing, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Accomplished
One standard is rated Accomplished, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Exemplary
Two standards are rated Developing	The Performance Measure shall be rated Developing
One Standard is rated as Ineffective	The Performance Measure shall not be ANY higher than Accomplished
Two standards are rated Ineffective	The Performance Measure shall be Ineffective

Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and professional judgment based on evidence to determine the Other Certified District evaluatee’s Overall Summative Rating:

If....	Then....
Two Performance Measures are rated Developing, and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be ANY higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be ANY higher than Accomplished

Individual Corrective Action Plans

An Individual Corrective Action Plan must be developed when an evaluatee receives a “does not meet” or “Ineffective” rating on the Summative Evaluation Form or when immediate action is necessary to correct a deficiency. The evaluatee will continue to work toward the goals specified in the plan until such time that the evaluator determines that the goals have been met and the evaluatee’s performance rating on a Summative Evaluation Form is above “does not meet” or “Ineffective.” **McCRACKEN COUNTY INDIVIDUAL CORRECTIVE ACTION PLAN**

- Appeals shall be on a form formulated by the Superintendent. No member of the panel shall serve on any appeal in which he/she was the evaluator.
- No member of the panel shall serve on any appeal brought by the member's immediate family as defined in Board Policy 03.18.
- Within three (3) working days of receiving written notification of the appeal, the chairman of the appeals panel shall notify other members of the panel and schedule a meeting to review the appeal. The review shall occur within five (5) working days of receipt of appeal notification by the appeals panel chairman. Additionally, the chairman will request documentation from the evaluator to support his/her evaluation decisions.
- By mutual written consent the appeals process may be terminated at any points.
- Copies of all supporting documentation (from the evaluator and the appealing employee) shall be made available to all panel members for screening prior to the review. All original documentation will be held in a secure location in the Central Office. All documents will be handled with the utmost confidentiality.
- If, by a majority vote, the appeals panel agrees that a hearing is needed, the following procedures shall be followed:
- A hearing will occur within five (5) working days of the appeals panel review meeting.
- Only the appeals panel, the appealing employee, the appealing employee's chosen representative (optional), and the evaluator will be present during the hearing.
- The appealing employee and the evaluator will be allowed to make statements in his/her own behalf. The appeals panel may ask questions of either party. Cross-examination by the appealing employee or the evaluator will not be permitted.
- The appeals panel chairman will be responsible for the audio recording of the hearing. A recording of the hearing will be made available to the appealing employee and the evaluator upon request.
- After statements have been made by the parties involved and questions of the appeals panel answered, the appeals panel shall meet in closed session to prepare a written response to submit to the Superintendent, the appealing employee and the evaluator. The panel's response shall be delivered to all parties within two (2) working days of the hearing.
- The panel shall make a recommendation to the Superintendent within fifteen (15) working days from the date of filing the appeal. If the Superintendent is the evaluator, the recommendation of the panel shall go directly to the Board of Education
- The Superintendent shall file the panel's recommendation in the employee's personnel file with the original evaluation form.
- The Superintendent shall be allowed to hold a conference with parties concerned or order a new evaluation by a second certified evaluator. If a new evaluation is made, both evaluations shall be placed in the employee's personnel file or the Superintendent may choose to uphold the original. A third party evaluator may be appointed.
- The appealing employee may appeal the panel's recommendation to the Superintendent and/or the Kentucky Board of Education appeals panel.
